

The Top 20 Picks in Morgan Dollars

(July 2008) It's been a while since I put together a list of top picks in MS-64 and MS-65 Morgan Dollars. With Dollars red hot at this point, figure the info could be both interesting and useful. You'll recognize some of these dates, as I have recommended them many times in the past.

If your goal is just to create a small group of dollars, rather than a set, use this list for your picks. The following 10 dates are on both the MS-64 and MS-65 lists.

1. **1878 7F R79**. A special issue with a distinctly different reverse design. Have seen a bit more interest in this issue lately, but there is still price potential here.
2. **1879-S R78**. This is #1 on the MS-65 list, and no wonder. Only 64 pieces total have been certified by NGC and PCGS, with only 2 pieces in MS-66. If you can afford this issue, you should buy it.
3. **1881**. This is a longtime favorite and remains a very good deal in MS-64 or MS-65.
4. **1882**. This issue has been a top pick in MS-64 for years and is also a good deal in MS-65.
5. **1884**. Another old favorite top pick in MS-64 and MS-65.
6. **1891-S**. This long time favorite in MS-64 has become a very hot deal in MS-65.
7. **1897**. My all-time favorite date for value has not disappointed. It's ranked #2 in MS-64 and #3 in MS-65. How can you miss?
8. **1897-S**. Yet another old favorite is still a bargain.
9. **1898**. This old favorite issue remains a very good deal.
10. **1902**. This has been my top pick for the past two years in MS-64. Strong buy.
